

ROHS Compliance Statement

Directives 2002/95/EG, 2011/65/EU, 2015/863/EU
(RoHS I – III)

24th June, 2020

Dear Valued Customer,

Vishay Intertechnology Inc. is committed to be in compliance with all applicable global laws, directives and regulations.

Unless otherwise specified, Vishay Intertechnology Inc. hereby certifies that all its products that are identified as RoHS compliant fulfill the definitions and restrictions defined among the above listed directives of the European Parliament on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

Vishay Intertechnology Inc. is keenly aware that RoHS exemptions that currently apply some of our products are set to expire since July 21st, 2021. We are still actively searching for alternatives and are scrutinizing viable (performance, quality and costs) options. We continue working with Electronic Industry Leaders and Global Electronic Industry Associations to prepare necessary investigations for relevant exemption renewal applications.

Currently concerned exemptions as per Annex II, 2011/65/EU are 6 a, b, c, 7 a, 7 c(I) and 7 c(II).

Please mail your request to VPECM.Surveys@Vishay.com for specific products RoHS compliance reports.

Ilse Van Eenoo, as per instruction

of Mr. Johan Vandoorn
